BASE BALL.

Last Saturday afternoon at 2:30 o'clock the second nine of Hays Normal and Wa-Keeney High School boys lined up for a game of ball on the east diamond. Wa-Keeney was given the field and Smee's curves and upshots so puzzled the visitors that they went out in one, two, three order. Our boys went to bat and the first batter swiped the ball and they kept it up until three of them had scored. In the second inning the visitors failed to score while our boys tallied three runs making the score six to nothing. In the third inning the visitors got a man on first base but he died there, and our boys added one more run making the game stand seven to nothing. In the first half of the fourth one Normalite got as far as third base but likewise his brother he died there, while our boys made another run. After this inning the visitors played better ball and neither side scored.

Score by innings:

| | | | | | | | | | |
|---------|---|---|---|---|---|---|---|---|---|
| | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| Wa-K | 3 | 3 | 1 | 1 | 0 | 0 | 0 | 0 | 8 |
| Normals | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

Umpire, Heyl. Time, 1:40.

NOTES.

It was a fine game on our side of the fence.

There's no use talking Smee and Keraus are dingers.

Groft on first made a fine play by throwing a man out on third.

The Normal boys are all nice fellows.

Heyl knows the game and his decisions are just.

The High school girls were out in full force.

The next game is to be best of the season and a big crowd should be there to root for our boys. The St. Johns' Military academy club from Salina will be the victims.

Henkel in right made several good catches.

We are proud of our High school ball club.

It was a very disagreeable day for a ball game.

Kansas City Market Report.

Kansas City Stock Yards, Tuesday, May 12, 1908.

Cattle supplies have been running heavier than expected the last weeks, but prices are holding up very well. There was such an enormous shortage in the slaughter of cattle in April, nearly 50 per cent at the eight principal slaughtering centers combined, as compared with April last year, that even if the state of trade at consuming centers is unsatisfactory, it is still sufficient to absorb pretty good receipts at the prevailing range of prices. The run of cattle this week is 21,000 head in two days, including 11,000 today, handy weight steers steady, heavy steers and she stuff a shade lower today. A large share of the supply has been stock grades last week and this, because of the very high prices on that class last week, which broke 30 to 50 cents during the week, and also because all kinds of stock came through the winter in fine condition, thanks to the mild weather, and is in shape to go on the market sooner than usual this year than for a number of years. Baby beef brought the top price yesterday, a lot of black yearlings going at \$7.00, equal to the top on heavy feed steers. Top today is \$6.95, bulk \$6.15 to \$6.75, cows \$3.50 to \$5.25, heifers \$4.50 to \$6.00, bulls \$3.75 to \$5.50, calves \$3.75 to \$6.00. Stockers and feeders struck a rough place last week, and as there was a good many held over at the end of the week, prices are shading downwards this week. Choice steers brought \$5.50 yesterday, in both feeders and stockers, but feeders at \$4.75 to \$6.36, and stockers at \$4.00 to \$5.00 comes nearer fitting the desires of most buyers.

The hog market displays wonderful strength, in the face of heavy supplies, and local prices equaled those at Chicago and St. Louis, or within a few cents of them, both yesterday and today. Activity of order buyers for eastern killers forces active competition on the part of packers, with the result that closing prices each day are usually the strongest. Run today is 22,000, market a shade stronger than yesterday, top \$6.65, bulk \$5.50 to \$5.60, weights below 200 pounds at \$5.35 to \$5.55. The leading market combined showed a shortage of 12 per cent in April, as compared with April last year, although loss her was only 2 per cent, but May shows a slight gain so far at the combined markets, over May last year.

Heavy sheep receipts last week were readily taken, and prices closed the week slightly higher than the opening. Runs are also good this week, but the market is slightly lower. Small supplies at Buffalo lately enabled western killers to sell more meat in the east, and they have bought more freely here lately on that account. Run is 10,000 today, market 10 lower, woolled lambs worth \$6.90 to \$7.25, clipped lambs \$6.10 to \$6.50, clipped sheep and yearlings \$5.00 to \$5.00, goats \$3.40 to \$3.85, including "brushers" at the lower
